Velarion Company Intelligence Data License API: data dictionary

Generated 2026-11-08T21:00:37+00:00 from the live database; column meanings are the field definitions the API serves.

Datasets

dataset	rows	issuers	newest	columns	source
Director compensation	170,754	3809	2026-11-05 (filing date)	27	DEF 14A proxy statements, nightly
Director fee schedules	17,995	3986	2027 (fiscal year)	29	DEF 14A proxy statements, nightly
Equity grants (Grants of Plan-Based Awards)	151,239	3381	2026-07-15 (filing date)	20	DEF 14A proxy statements, nightly
Executive compensation (Summary Compensation Table)	127,275	3899	2026-11-05 (filing date)	34	DEF 14A proxy statements, nightly
Form 4 insider transactions	501,335	2567	2026-11-06 (filing date)	30	Forms 3, 4 and 5 (EDGAR daily index), one day from filing to row
Peer groups, as disclosed	218,015	2918	2026-04-30 (filing date)	11	DEF 14A proxy statements, nightly
Realizable pay	78,110	3795	2026 (fiscal year)	12	computed by code from awards and fiscal-year-end prices, nightly
Say-on-pay voting history	23,948	3499	2026-11-06 (filing date)	13	Forms 8-K (meeting results), nightly

Every row names the filing it was read from (accession and URL on the delivered feed). Delivered as CSV and Parquet with a manifest, and through the API (https://api.velarion.ai/api/v1/, OpenAPI published).

Director compensation (`director_comp`)

Source: DEF 14A proxy statements, nightly. 170,754 rows across 3,809 issuers.

field	type	meaning
company_name	text	Company name
ticker	text	Company stock ticker
fiscal_year	integer	Fiscal year
director_name	text	Director name as disclosed
age	integer	Director age as disclosed
director_since	integer	Year first elected
is_independent	boolean	Independence classification
is_board_chair	boolean	Board chair flag
is_lead_independent	boolean	Lead independent director flag
committees	jsonb	Committee memberships
fees_earned_cash	numeric	Cash fees earned or paid
stock_awards	numeric	Stock awards, grant-date fair value
option_awards	numeric	Option awards, grant-date fair value
non_equity_incentive	numeric	Non-equity incentive compensation
change_in_pension	numeric	Change in pension value
all_other_comp	numeric	All other compensation
total_comp	numeric	Total director compensation
hq_city	text	Headquarters city
hq_state	text	Headquarters state
property_type	text	Real-estate sub-sector (real-estate companies)
is_departed	boolean	Departed during the fiscal year
is_not_standing	boolean	Not standing for re-election
is_newly_elected	boolean	Newly elected during the year
director_note	text	Disclosure note for the director

is_employee_director	boolean	Employee (non-independent) director
board_transition_note	text	Board transition note
is_transition	boolean	Transition-year flag

Director fee schedules (`director_fee_schedule`)

Source: DEF 14A proxy statements, nightly. 17,995 rows across 3,986 issuers.

field	type	meaning
ticker	text	Company stock ticker
company_name	text	Company name
cash_retainer	integer	Annual board cash retainer
equity_retainer	integer	Annual board equity retainer
total_retainer	integer	Total annual retainer
lead_director_premium	integer	Lead independent director premium
chair_premium	integer	Board chair premium
audit_chair	integer	Audit committee chair fee
audit_member	integer	Audit committee member fee
comp_chair	integer	Compensation committee chair fee
comp_member	integer	Compensation committee member fee
nomgov_chair	integer	Nominating/governance chair fee
nomgov_member	integer	Nominating/governance member fee
meeting_fee_board	integer	Per-meeting board fee
meeting_fee_committee	integer	Per-meeting committee fee
equity_vehicle	text	Equity vehicle for director grants
equity_vesting	text	Director grant vesting terms
num_board_meetings	integer	Board meetings held
num_committees	integer	Number of standing committees
stock_ownership_guideline	text	Director stock ownership guideline
finance_chair	integer	Finance committee chair fee
finance_member	integer	Finance committee member fee
tech_chair	integer	Technology committee chair fee
tech_member	integer	Technology committee member fee
other_chair	integer	Other committee chair fee
other_member	integer	Other committee member fee
other_committee_name	text	Name of the other committee
committee_fees	jsonb	Full committee fee structure (JSON)
disclosure_regime	text	Fee-disclosure pattern classification

Equity grants (Grants of Plan-Based Awards) (`equity_grants`)

Source: DEF 14A proxy statements, nightly. 151,239 rows across 3,381 issuers.

field	type	meaning
ticker	text	Company stock ticker
fiscal_year	integer	Fiscal year of grant
exec_name	text	Executive name
position	text	Standardized position code
grant_date	date	Grant date
award_type	text	Award type (RSU, PSU, option, ...)
shares_granted	integer	Shares granted (time-based awards)
shares_threshold	integer	Shares at threshold payout (performance awards)
shares_target	integer	Shares at target payout
shares_maximum	integer	Shares at maximum payout

exercise_price	numeric	Option exercise price
grant_date_fair_value	numeric	Grant-date fair value of the award
is_unusual	boolean	Unusual-award flag
unusual_note	text	Structural note (e.g. unvalued performance tiers)
company_name	text	Company name
unusual_award_class	text	Standardized unusual-award classification
unusual_award_confidence	text	Classification confidence
unusual_award_reason	text	Why the award is classified unusual
fv_source	text	Fair-value source basis
grant_date_fair_value_per_share	numeric	Grant-date fair value printed per share, when the filing prints the column per share and no aggregate; never multiplied into grant_date_fair_value

Executive compensation (Summary Compensation Table) (`exec_comp`)

Source: DEF 14A proxy statements, nightly. 127,275 rows across 3,899 issuers.

field	type	meaning
company_name	text	Company name as disclosed
ticker	text	Company stock ticker
fiscal_year	integer	Fiscal year the compensation was earned in
first_name	text	Executive first name as disclosed
last_name	text	Executive last name as disclosed
title	text	Raw title as disclosed
position	text	Standardized position code (CEO, PRESIDENT, CFO, ...)
base_salary	numeric	Convenience: base salary
cash_bonus_incentive	numeric	Convenience: bonus + annual incentive payout
stock_based_comp	numeric	Convenience: stock + option awards (grant-date fair value)
total_comp	numeric	Total compensation as disclosed
hq_city	text	Headquarters city
hq_state	text	Headquarters state
geographic_region	text	Geographic region classification
property_type	text	Real-estate sub-sector (real-estate companies)
reit_type	text	Real-estate classification (equity / mortgage)
market_cap	integer	Market capitalization at extraction
other_comp	numeric	Convenience: pension change + all other compensation
display_title	text	Cleaned title for display
sct_salary	integer	Salary
sct_bonus	integer	Discretionary bonus
sct_stock_awards	integer	Stock awards, grant-date fair value
sct_option_awards	integer	Option awards, grant-date fair value
sct_non_equity_incentive	integer	Annual incentive plan payout (cash)
sct_change_pension	integer	Change in pension value and deferred-compensation earnings (can be negative)
sct_all_other	integer	All other compensation (perquisites, retirement match, etc.)
is_departed	boolean	TRUE if the executive departed during the fiscal year
is_transition	boolean	TRUE if mid-year start or title change
salary_is_partial_year	boolean	TRUE when the disclosed salary covers a partial year
sti_cash_payout	integer	Annual short-term incentive cash payout, isolated from long-term cash
ltip_cash_payout	integer	Long-term cash incentive plan payout for the year
ltip_cash_plan_name	text	Long-term cash plan name as disclosed
ltip_cash_cycle_start	integer	First year of the long-term cash performance cycle
ltip_cash_cycle_end	integer	Final year of the long-term cash performance cycle

Form 4 insider transactions (`form4_transactions`)

Source: Forms 3, 4 and 5 (EDGAR daily index), one day from filing to row. 501,335 rows across 2,567 issuers.

field	type	meaning
accession	text	SEC accession number of the Form 3, 4 or 5 the row was read from
line_index	integer	Row position within the filing's transaction table
ticker	text	Issuer stock ticker
issuer_cik	text	Issuer SEC Central Index Key
insider_name	text	Reporting person's name as filed
officer_title	text	Officer title as filed
is_director	boolean	True when the reporting person is a director
is_officer	boolean	True when the reporting person is an officer
is_ten_pct	boolean	True when the reporting person is a ten-percent owner
filing_date	date	Date the form was filed
period_of_report	date	Period of report stated on the form
form4_url	text	EDGAR URL of the filing
table_i_or_ii	text	Table I (non-derivative) or Table II (derivative) of the form
transaction_code	text	Transaction code as filed (P, S, A, M, F, G and the rest)
transaction_date	date	Date of the transaction
shares	numeric	Number of shares or units in the transaction
price	numeric	Price per share as filed
acquired_disposed	text	A (acquired) or D (disposed)
post_transaction_shares	numeric	Shares owned following the transaction
direct_indirect	text	D (direct) or I (indirect) ownership
indirect_nature	text	Nature of indirect ownership as filed
underlying_security	text	Underlying security for a derivative row
conversion_exercise_price	numeric	Conversion or exercise price for a derivative row
exercise_date	date	Exercisable date for a derivative row
expiration_date	date	Expiration date for a derivative row
award_classification	text	What the row is, classified from the filing text (open-market purchase, sale, tax withholding, option exercise, grant, gift, and the rest)
is_10b5_1	boolean	True when the filing states the transaction was under a Rule 10b5-1 plan
footnote_text	text	Footnote text from the filing that the classification rests on
classification_quote	text	The quoted filing words behind the classification
post_transaction_value	numeric	Dollar value owned following the transaction when the filing reports the security by value; NULL when it reports shares

Peer groups, as disclosed (`proxy_peer_groups`)

Source: DEF 14A proxy statements, nightly. 218,015 rows across 2,918 issuers.

field	type	meaning
ticker	text	Disclosing company ticker
company_name	text	Disclosing company name
peer_name_as_disclosed	text	Peer name exactly as disclosed
peer_ticker	text	Peer company ticker
peer_cik	text	Peer registry identifier
fiscal_year	integer	Fiscal year of the disclosure
coverage_note	text	Coverage note when peer data is limited
peer_status_at_fy	text	Peer disposition at the fiscal year (foreign_private_issuer, foreign_listed_no_sec_filing, data_gap, inactive_at_disclosure)
peer_status_reason	text	Reason for the peer status
peer_group_label	text	Label of the disclosed group when several exist
peer_activity_at_fy	text	Peer activity at the fiscal year (ACTIVE, UNVERIFIABLE)

Realizable pay (`realizable_pay`)

Source: computed by code from awards and fiscal-year-end prices, nightly. 78,110 rows across 3,795 issuers.

field	type	meaning
ticker	text	Company stock ticker
fiscal_year	integer	Fiscal year
exec_last_name	text	Executive last name
exec_first_name	text	Executive first name
base_salary	integer	Base salary in the measurement year
actual_sti	integer	Actual annual incentive paid
unvested_equity_value	integer	Current value of unvested equity (nightly price)
realizable_total	integer	Total realizable pay
price_used	numeric	Share price used in the valuation
award_count	integer	Awards included in the calculation
fye_close_price	numeric	Fiscal-year-end close price
unvested_equity_value_at_fye	numeric	Value of unvested equity at fiscal year end

Say-on-pay voting history (`say_on_pay`)

Source: Forms 8-K (meeting results), nightly. 23,948 rows across 3,499 issuers.

field	type	meaning
ticker	text	Company stock ticker
company_name	text	Company name
fiscal_year	integer	Fiscal year the vote covers
meeting_date	text	Meeting date
votes_for	integer	Votes for
votes_against	integer	Votes against
votes_abstain	integer	Abstentions
broker_non_votes	integer	Broker non-votes
approval_pct	numeric	Approval percentage (documented basis)
vote_frequency	text	Say-on-frequency preference where voted
vote_type	text	annual_sop for the regular annual advisory vote
source_filing_type	text	Where the row's figures came from, or why there are none. 8K_507_ANNUAL = Item 5.07 of the 8-K filed after the annual meeting. FILER_STATUS_EGC = the company is an emerging growth company and held no say-on-pay vote (its 8-K cover is checked). FILER_STATUS_CLOSED_END_FUND = a registered closed-end fund, which holds no say-on-pay vote. 8K_507_SPECIAL_OTHER = Item 5.07 of an 8-K for a special or other meeting. 10Q_FALLBACK_UNCLASSIFIED and UNCLASSIFIED_LEGACY = older or fallback sources not yet classified.
vote_status	text	completed = the company held a say-on-pay vote at this meeting and the result is recorded. no_vote_held = the company held no say-on-pay vote at this meeting; source_filing_type says why (emerging growth company, or registered closed-end fund) and the vote columns are empty by design. pending_vote = the meeting has not yet been held. Leave no_vote_held and pending_vote rows out of any approval-rate average.
